

Fuggles

USER'S GUIDE

What's a Fuggle?

If you do a search, you'll discover that Fuggles are hops used in the brewing of beer. Fuggles is also a typeface from the TypeSETit foundry. Take a little Inspiration, add some Sassy Frass and a splash of Waterfall; mix in hundreds of alternate forms and you have the recipe for a versatile hand writing font. This fun, scribbly little font can fool you. At first glance it looks crude and simple. But, combine the right character pairs and suddenly Fuggles is a powerful script that can be used for sophisticated commercial design.

As separate fonts, the single font versions of the Fuggles Family are designed to be used interchangeably with other members of the family. Named from ONE to TEN, swap out characters to get the look you want. In the Pro version, you can use the Style Sets (SS01-SS10) or just open the Glyphs Panel of your graphics program and select characters individually. Since there are so many possible character pairs, some manual kerning will likely be necessary, but the effort is well worth the results at the end.

Some characters are quirky, some are swashy, some are scribbly and others are elegant. So take a look at this guide to get a quick feel for the world of Fuggles.

All the characters of the Fuggles Family of non-OpenType fonts are incorporated into the Fuggles PRO version. Additionally, Fuggles PRO supports numerous Languages and includes the following OpenType design Features.

- CLIG
- TITL (see page 4)
- CALT
- SS01
- SS02
- SS03
- SS04
- SS04
- SS05
- SS06
- SS07
- SS08
- SS09
- SS010

The OpenType Features were created to give quick access to characters in glyph windows of programs like Adobe InDesign, Illustrator and Quark Express. The easiest way to access the character substitutions is through the glyph windows. It is recommended that the Ligatures and Contextual Alternates features are turned ON as a default when using Fuggles Pro.

With OpenType Features

Fuggles

becomes

Fuggles

with the click of a mouse.

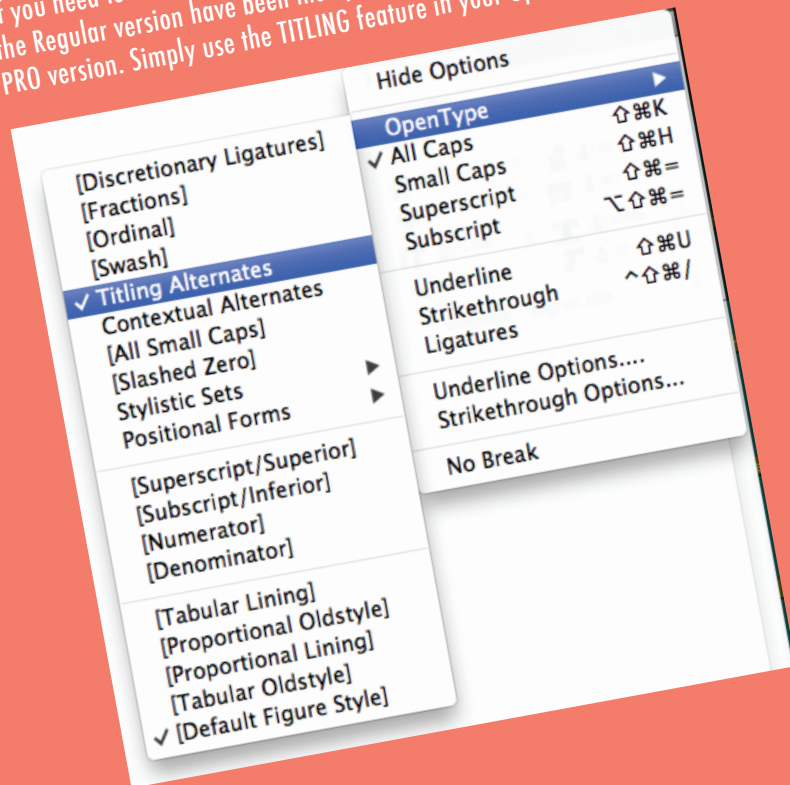

Handwriting with Fuggles!

This font is quite unique
in that any simple sentence
can appear to be hand written

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for "lorem ipsum" will uncover many web sites still in their infancy.

PRO TITLING FEATURE

If you need to use FUGGLES in All Caps, the uppercase forms from the Regular version have been incorporated and modified into the PRO version. Simply use the TITLING feature in your OpenType menu.

MOST SCRIPTS ARE NOT DESIGNED TO HANDLE TEXT IN ALL-CAPS. FUGGLES IS DIFFERENT. THE PRO VERSION OFFERS A TITLING FEATURE TO MAKE LEGIBILITY OPTIMIZE THE LEGIBILITY OF ALL CAPS TEXT. WE RECOMMEND USING ADDED TRACKING AS SOME OF THE CHARACTER PAIRS MAY CRASH SLIGHTLY.

Pick a Gender

Depending on the situation, a design may require a look that leans toward a particular demographic. Fuggles has the flexibility to offer both masculine and feminine characteristics.

MASCULINE

or

Feminine

Fuggles Regular (PRO Standard Character)

The quick brown fox jumped over the lazy dogs.

Fuggles One (PRO SS01)

Jump by vow of quick, lazy strength in Oxford.

Fuggles Two (PRO SS02)

Waltz, nymph, for quick jigs vex Bud.

Fuggles Three (PRO SS03)

Pack my box with five dozen liquor jugs.

Fuggles Four (PRO SS04)

Quick zephyrs blow, vexing daft Jim.

Fuggles Five (PRO SS05)

See the quick brown fox jump over the lazy dog.

Fuggles Six (PRO SS06)

Pack my box with five dozen liquor jugs.

Fuggles Seven (PRO SS07)

A quart jar of oil mixed with zinc oxide makes a very bright paint.

Fuggles Eight (PRO SS08)

Sixty zippers were quickly picked from the woven jute bag.

Fuggles Nine (PRO SS09)

Sphinx of black quartz: judge my vow.

Fuggles Ten (PRO SS10)

The five box ingoing words jump quickly.

Fuggles Roman Caps (PRO SS11)

We promptly judged antique ivory buckles for the next prize.

Albanian

Jeta është një dhuratë e mrekullueshme.

Croatian

Život je prekrasan dar.

Czech

Život je nádherný dar.

Danish

Livet er en vidunderlig gave.

Dutch

Het leven is een prachtig geschenk.

If the characters in the language you are using do not meet your needs or approval, contact TypeSETit and we will do all we can to make it work for you. Guaranteed!

Need a Squiggle?

Fuggles is equipped with a few extra squiggles and swashes in case there is a need to spice up a design. Be sure to use these sparingly, especially when more swashing letterforms are being used in the body of text.

Thank You!

Thanks for taking the time to look over this simple guide. Hopefully, it has provided a better understanding of how Fuggles works in its various formats.

If you have any questions or comments, please don't hesitate to contact Rob Leuschke at
