

# KOELLE ORNAMENTS

*insigne*

# KOELLE ORNAMENTS OVERVIEW

The Koelle Ornaments series is based on the etchings of Chris Koelle of Portland Studios. This is the second collaboration between insigne and Portland Studios; the first yielded the inky and active script *Blue Goblet*. Chris has a unique style where he “frames” his work with small icons related to the story or subject. These are now available as Koelle ornaments. Koelle Ornaments have a gritty, used appearance, and have a late 70’s stylistic feel to them.

There are 145 highly detailed illustrations in the entire pack, separated into four different fonts. These illustrations can be resized without any loss of quality, and can be easily converted to outlines and modified. Some of the ornaments have a Christian theme, while others are more generic. This sample .pdf is a useful guide to quickly refer to your favorite ornaments. All the ornaments in this guide are sized at 55pt, and the copy and headers are set in *Valfjeris*.
