

- Put the instrument name at the beginning of the staff line for the neatest result.
- To get a character to print the following instrument names above the clef, select the Blank Manuscript font, then hold down Alt and type in the given number, then let go. Some of these could be accessed normally from the keyboard in some countries but not in others (such as cent or sterling) but just the ASCII numbers are given here.
- *Please note: To align clefs which don't have an instrument name (such as the Bass Clef of keyboards; or any other un-named clefs, use grave (Alt-0096) for those.*
- So for Flute you'd hold down Alt and type 0131, then release.

WOODWIND

Piccolo	0130	Contrabassoon	0145
Flute	0131	Recorder	0146
Oboe	0132	(Descant etc. in VOICES section)
