BLUE GOBLET FLORALS OVERVIEW

The designer favorite Blue Goblet family has grown with Blue Goblet Florals. Blue Goblet Florals are flowing and abstract ornaments that resemble foliage or flowers rendered in Cory Godbey's unique illustration style.

These fresh and lively foliage inspired ornaments can be resized easily without any loss of quality, and can easily be converted to outlines and modified. These floral ornaments can be combined to form unique compositions or inserted directly into layouts. Please see the sample .pdf to see all 55 floral ornaments in action, and be sure to check out the original Blue Goblet brush script and Blue Goblet ornaments, frames and vignettes. Blue Goblet Florals is a collaboration between insigne Design and Portland Studios.

Use this sample .pdf as a guide to quickly refer to your favorite Frames and Vignettes. All the ornaments in this guide are sized at 75pt, and the copy and headers are set in Blue Goblet.
